Flint Water Crisis

Thousands of residents in Flint, Michigan have been exposed to lead in their water for almost two years. Lead poisoning can cause major health problems, and no one knows the full implications of this disaster.

Lott Carey (A Global Christian Missional Community), is working with local partners to reach people who live with more vulnerability during this crisis. There is a critical need to get water to people who cannot travel to distribution locations. This includes elderly residents, those who are currently homeless, undocumented workers and impoverished families (some of whom also have need for food, clothing, and heat).

Donations for Flint

Thank you for supporting the residents of Flint, Michigan who are in the midst of a water crisis. ALL donations need to observe the following guidelines, to allow volunteers to handle donations safely and efficiently.

- Full cases of commercially packaged water (no loose bottles)
- Commercially sealed gallon (or larger) containers of water
- All containers must have an expiration date at least 6 months in the future

Also accepting:

- Hand sanitizer (in U.S. Postal Service Priority Mail Large Mailing Box, 14-3/4" x 11-3/4" x 11-1/2" OR shipping box 12" x 12" x 12")
- Baby wipes (in U.S. Postal Service Priority Mail Large Mailing Box, 14-3/4" x 11-3/4" x 11-1/2" OR shipping box 12" x 12" x 12")

The following items **CANNOT** be accepted:

- Canned water
- Containers with open/broken seals
- Carbonated water
- Flavored water
- Water past its expiration date

To coordinate shipments, contact:
First Trinity Missionary Baptist Church
1226 Beach Street, Flint, Michigan 48502
